

Qioptiq Ltd is a member of the Qioptiq Group of international companies. Qioptiq Ltd specialises in the design, development and manufacture of complex electro-optical systems, modules and components to the world's aerospace, defence, civil, industrial and space markets. The company offers specialist capabilities in a wide range of product sectors including image intensified and thermal night vision products, advanced optical modules, holography, specialised optical coatings and space components. Further company information may be found at [www.qioptiq.co.uk](http://www.qioptiq.co.uk)

**Vacancy :**            **Experienced Optical Designer**

**Location :**            **St. Asaph, North Wales** – relocation package may be available

**Salary :**                **Commensurate with experience**

An exciting opportunity exists for an experienced optical designer to join our large and internationally renowned team.

In this role you will be responsible for the design of a very wide range of optical products. You will be involved in all stages of the design process, including defining target specifications with the customer, development of concepts, detailed design and analysis, through to support of the manufacturing, assembly and test processes. The role demands self-motivation, dedication and excellent communication skills.

Candidates will require at least a good degree in Physics, or a relevant engineering discipline, although a Master's degree in optics would be of considerable advantage. In addition, a minimum of 3 years relevant experience in the design of optical systems is required.

***Successful candidates will need to demonstrate a proven track record in optical systems design.***

In return we will offer you an attractive salary and benefits package, as well as the opportunity to apply and further develop your skills in a stimulating and technically demanding environment. Training will be provided as required.

Due to the nature of the work, we would generally require candidates to fulfil the following criteria:

You must be a born or naturalised British citizen and one of your parents must be a British citizen or have substantial ties to the UK. Candidates must normally have been resident in the UK for 5 years immediately prior to their application; this is particularly important if you were born outside the UK.

**Applications:**

If you wish to register your interest for this vacancy, please send your CV and covering letter to Maun Hughes, HR Dept – [Maun.Hughes@uk.qioptiq.com](mailto:Maun.Hughes@uk.qioptiq.com)
